SUMMARY

Enthusiastic and motivated junior front-end developer with a keen interest in React.js seeking to kickstart a rewarding career in web development. Equipped with foundational knowledge in HTML, CSS, and JavaScript, as well as hands-on experience with React.js, I am eager to contribute to dynamic projects that leverage cutting-edge technologies.

KEY COMPETENCIES

Html	Responsive web design	Next.js
Css	Tailwind Css	Redux Toolkit
JavaScript	Sass	React Query
Bootstrap	React.js	Jquery

PROFESSIONAL EXPERIENCE

Fresh Cart

Apr 2024

Overview: E-commerce app built with React.js, Bootstrap, Axios, Formik, Yup, React-Slick, and React-Query. Features responsive design, user-friendly interface, efficient form handling, dynamic product carousel, server-state management, routing/navigation, and API

Repo: <https://github.com/ahmedramadanvitch/newFresh>

Live demo: <https://ahmedramadanvitch.github.io/newFresh/>
